

Capacity-Building Services For Nonprofits

Lisa Wilson, Program Director, 626/449-0839 x116 / Lisa@Flintridge.org

Strong leaders + stronger nonprofits = stronger communities

Strengthening Nonprofits and Building Leaders Since 1993

Our comprehensive capacity-building services help individuals and organizations to better serve the community.

We employ a multi-faceted approach: (1) We develop **local leaders** to address community issues; (2) We strengthen the organizational capacity, program effectiveness and sustainability of **nonprofit organizations**; and (3) We initiate, facilitate and support **community** partnerships and nonprofit coalitions.

We are the only full-service management support organization in the San Gabriel Valley, serving close to 1,300 individuals and 400 nonprofit agencies throughout the region each year.

How We Build Capacity

Nonprofit organizations play a critical role in a community's well-being. They are often the first line of response to a community's health, service needs and social challenges.

Our professionally-staffed **Philanthropy Resource Library** offers free access to grantseeking tools and research materials for the nonprofit sector. The focused collection is the only one of its kind in Southern California, and it is the only Cooperating Collection of the Foundation Center serving the San Gabriel Valley. Moreover,

the Library is the second highest user of the Foundation Center's online directory of grants and funders in the state.

State-of-the-art, affordable meeting space is available at the **Flintridge Retreat & Education Center** seven days a week and weekday evenings.

We offer more than 100 educational workshops, trainings and webinars annually that build skills in all areas of nonprofit management.

A diverse pool of nonprofit experts provides one-on-one consultations and coaching.

Our Millennium Leadership program trains a new generation of nonprofit leaders. We also host ongoing peer learning opportunities for board members and executive directors at nonprofit organizations.

Mission: To build hope and resilience in the lives of youth and their families in Northwest Pasadena and West Altadena. We work in partnership with the community to provide life-changing services and to act as a catalyst for pragmatic solutions that reduce community violence, improve academic achievement, and launch career paths for the benefit of the greater Pasadena/Altadena area.

Vision: A healthy, safe community where families thrive, youth reach their full potential, and equality and opportunity are accessible to all.

“Flintridge Center is a resource for nonprofit organizations, not only in Pasadena, but in the entire West San Gabriel Valley, to build their capacity to be more effective. Think of the leverage effect that has in expanding the positive impact for young people in the community.”

Mayor Bill Bogaard

Stronger nonprofits, better able to fulfill their vital missions

We Get Results

Flintridge has supported the development of nonprofit leaders and helped them to increase the effectiveness of local organizations such as Catholic Big Brothers Big Sisters, College Access Plan, Day One, Door of Hope, Foothill Vocational Opportunities, Pasadena Youth Center and others.

Nonprofits using our services report increased success in raising funds; improved organizational functioning, more effective board governance, more targeted program evaluation and use of technology; and greater participation in partnerships and collaborations, thereby expanding their impact and reach.

While our services are utilized by nonprofits throughout Los Angeles County, we focus on strengthening organizations serving children, youth and families in Northwest Pasadena/West Altadena.

This is one of the strategies that Flintridge employs to leverage its efforts to promote community well-being.

Join us in empowering effective nonprofit organizations.

Flintridge trainings help College Access Plan serve more teens

“CAP has grown by leaps and bounds in a mere five years. We now reach every single student at two local high schools. This would not have been possible without support from Flintridge Center’s services in the formative years of our organization.”

Mo Hyman, Executive Director, College Access Plan
