

# Vision 20/20 Reintegration Strategic Plan Implementation Update – Executive Summary

**June 31, 2018**

## **Introduction**

During Fiscal Year 2017-18 (7/1/17-6/30/18), the Vision 20/20 Network collaborated to provide reintegration services to **1,183 previously incarcerated community members**. This work was made possible through a partnership with Lieutenant Jason Clawson and the Pasadena Police Department, over thirty community partners, and multiple funders.

## **Reintegration Services**

An overview of services provided and the number of community members served follows.

|   |                                    |

| <b>2<sup>nd</sup> Call Trainings</b>                   | 10 community members with LTOs     |

**Impact**

The Vision 20/20 Network collaborates to provide a safety net of support and services for community members returning home from incarceration. We are working together to make people whole by providing support and access so that they have the opportunity to live happy and fulfilled lives. We have taken a stand for restoring individuals, not discarding them.

How are we doing? The recidivism rate for the Fiscal Year 2017-18 was 7.5% – 92.5% of community members served did not repeat offend. **The three-year recidivism rate was 15%, compared to 47% recidivism for the County of Los Angeles over-all.** In summary, over three years, 85% of previously incarcerated community members served by the Vision 20/20 Network did not repeat offend.
